Jim Gilomen came to the club with a request. He wants to replace his existing home with a manufactured home & have it put on pilings. He will have it set farther off the road, but

is not sure how far he can do.
He was going back to Florida before the
meeting, but needed something from the town-
ship saying it was OK. so the company
would start building the home. Jim talked to
Mr Spect & they told him if the township
allowed these homes it was OK with them.
They need plans for the permit when Jim
does this in the spring. Greg was going
to check with the County as to setbacks as
this is a County Road.

house # for his property until he can
get his house built up north. This will
be just a number ~~#~~ not for another
house. He has no more building sites
on this property. He is living in the pole
shed until everything is settled. This is not a
residential # more for his work. The new
the county assigned is 10171 for the
house being sold. The board decided
they want Calvin to come to the next
board meeting to explain this. Tabled the
decision.

Chris Hitzman and Dave Lauck come to the meeting. Chris is in the process of buying the Eicher property on 295th and Isle. He is using the new shed for storage of equipment for farming & sod business. At some point this changes he will let the board know & he may need an Interim Use Permit.

The sign program was brought up Need new Start signs & stop signs, and all other directional signs by 2015. Bruce Otte said some township have started already when the board checks roads for gravel they will make a [illegible] sign [illegible] replacers. Some

have been replaced because of damage or stolen. Reflectivity is the main concern. So far there has been no extra money for these signs. May be a grant later.
