Notice: Separate permits are required for plumbing, heating, fireplace installation, electrical work and installation of the septic system. The permit shall become null and void unless work or construction authorized by the permit is not commenced within 180 days after its issuance, or if the work authorized by the permit is suspended or abandoned for a period of 180 days after the time the work is commenced.  I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting pf a permit does not presume to give authority to violate or cancel the provision of any other State or Local law regulating construction or the performance of construction. On-site Building Inspector reserves the right to review requirement for soil erosion and sediment control that may be required during construction. The building permit may be suspended or revoke if the permit has been issued in error or on the basis of incorrect information supplied or in violation of any ordinance or regulation of Township.  The property owner agrees to pay all plan review fees even if he/she chooses not to proceed with the work. Permit expires when work is not commenced within 180 days from date of permit, or if work is suspended, abandoned, or not inspected for 180 days. Work beyond the scope of this permit, or work without a permit or inspection will be subject to penalty.
