Public Hearing

June 30, 2009 at 7:00 pm at the
 town hall. All board members
 were in attendance. Also Jim
 Reisinger, Quincy Moore, John & Dagna
 Kuyper, Bob Sagner, Eric Chesterson
 David & Dan Medina.

David presented a plan for
 a town blade windmill.
 Dakota County Electric & Great River
 Energy are interested for extra power.
 David would like to put 10 more
 blades his own up. So far no one
 has expressed an interest. The lease
 would be for 30 years.

State requires them to be taken
 down if not being used.

There is a lot of regulations to follow.

Taxes would have to be paid on the sites also a production tax to County. Has to be 250' from road 500' from a house. David is going to put one up in Scott County. Each town will have a weather station.

David would like to get this up this year if possible.

Board will do some research & maybe a decision will be done by August meeting.

Residents are interested and concerned.

Meeting closed
 E. Dick Nelson, Clerk
