

March 14, 2012 Clerk called County Auditor & he said if you can tell the extent of value the ballot has to counted, there were 12 ballots when the ~~o~~ was not filled in but the name was written. We'll let the supervisors decide at the Board meeting on March 15 as what to do.  
 Edith Nelson, Clerk. Board of Canvass is scheduled for March 15

---

March 15, 2012

The Grinnell Township Board met March 15 at 7:00 pm at the town hall with all members present.

Agenda and minutes were sent out. Gregg Langue noted there are 21 building sites in Glenview Estates, there were 25 ~~signs~~ ordered, 4 extra for other residents. Gregg Langue moved to accept minutes as amended. Richard Mowse second. Approved.

Tom & Bev Aitzfeld came before the board with a concern. Not sure if they are following the zoning ordinance. Do they need some kind of conditional use, interim use permit, or what. He does not manufacture anything on his property. He houses several trucks for his business. Advanced Septic people come to pick these up in morning.

and take to different locations around Minnesota. Greg Langen had talked to Dean Johnson from Resource Strategies & he suggested a blanket form that might be used for different projects & businesses. We could also amend the ordinance or add a clause to cover this.

Tom is putting in an in ground sewage system to dump into a well use on his fields at a later date. He has talked to Bob Fairmuth about this. It would be holding tanks. Tom said Bob would be doing a \$4000 permit for this.

Richard Moore moved to accept this permit & Greg Langen second. Approved.

Lanny Kupieka and Steve Marshall come to check for permits. Lanny is a garage permit & Steve is a Solar panel. Specs have been sent to Mrs. Spitz for approval.

Dick Moore moved that the permits can be written without coming to another meeting when they are approved. Greg Langen second this motion. Approved.

Field driveway at Keppur was checked and it is a field driveway with no culvert. May cause damage if rains alot as it will stop the water coming in. Richard Moore will talk to Wayne Hallock about this.

Bryce Otto talked about roads. They will

rent a reclaimer and do other on a couple of roads to try & pull in the sides. He commented it would take about 60 loads of gravel to do a mile of road. Thinking of doing Saljoke North on Isle. Have not done these roads completely for a while. Will do road inspection on Wednesday at 7:00 AM. <sup>March 21</sup> Dick, <sup>Greg</sup> Greg, <sup>Byrne</sup> Byrne, & Jason Otte. Should put out for rock quotes. Will get Legal specs from County. Greg Kangu & Dick Mowse will meet with County.

Rusty Klum wants to re-roof her barn. Permit issued

Al Seng from County Land Conservation Projects came to give a presentation on their proposals to get more land into the water quality easements. Kirby property & some surrounding areas. Could maybe use the land for walk in hunting, emigrant farming, and such. Some property could & should generate some money for township. Could get in lieu of taxes County gets grants & should pass on to township. Al will keep us posted on this project. They have contacted some farmers (Mulligans). Jim Helonen's house was discussed.

190 Sit back might be an issue. Various  
can be granted now for "practical difficulties"  
not hardships. His existing house is  
close to road now & he will go farther  
north than that. County doesn't really  
care so much about sit back. We'll have  
to probably do a public hearing after there  
is a list of specifics.

There was a concern about what is  
being done about house on road. Deputy  
said it is a public road. Bob Wentz talked  
to Donavan Prescott & suggested he tell his  
people to use care on the roads.

The County has sent out a request for a  
resolution for redistricting in County.  
Gregg Lange made the motion to do a  
resolution Dick Moore second. Approved. Clerk  
will write up the resolution & send in.  
Bills were acted on paid. Meeting adjourned  
Dick Nelson, Clerk

Board of Concessions was then called to order.

Election results. 199 Votes cast

Supervisor Greg Langew 95

wrote in Don Rock 92

Club 12 votes without oral demand

Edith Nelson 126

Dairy White 73

County Auditor suggested a recount to get a true count.

Greg Langew contacted Eugene DeFaut from Assoc of Townships. He said to do what the club said.

Greg Langew moved to accept the ballots as counted on election night for lack of a second motion was dropped.

Richard Moore moved to have a recount & have the County do it. Bob Wente second. Approved will do this Friday March 16 in A.M.

Richard Moore moved to certify the clubs vote. Bob Wente second. Edith Nelson was declared elected.

Edith Nelson, Clerk

March 16, 2012

Ballots were taken to County in morning  
 Joel Beckman County Auditor Linda Dullick  
 & Mary Schwendig were in attendance along  
 with Edith Nelson, Greg Langen, and Dave  
 Raehl.
